GIVING BACK

At Real Estate Equities we believe that community development and responsible real estate go hand in hand. Helping to build a sense of community in the cities and neighborhoods that we manage in is an important part of what we do, who we are, and how we grow. Each year we participate in multiple events to give back to such organizations that help improve the lives of others. Some of these events/organization include: Second Harvest Heartland, Toys for Tots, People Serving People, school supply drive for Interfaith Action and handmade blankets for the Children's Hospital.
